

Avoid costly employment tribunals – prepare for upcoming legal changes to the workplace

To help employers avoid potential legal problems Age Works, in partnership with established arbitration experts ACAS, are providing free guidance which will help you to grasp the key points of employment law. By the end of the 3-hour seminar you will be aware of the key requirements regarding recent Equality and Diversity legislation including Age Regulations that are set to come into force on 1 October 2006.

In addition to finding out how your company can benefit from employing a diverse workforce the seminar includes a one-to-one business 'health check' resulting in a no-obligation, confidential Equality and Diversity report.

Employment Tribunals can be a costly drain on your company – forcing you to spend time and money away from the workplace. Employment law is changing – keeping up to date with legislation can be complex.

Remember, if your company is seeking to tender for public funding / contracts you are required to have an Equality and Diversity policy – this is your opportunity to get it right.
